

FARR Publications 1999 - 2011

Title	Publication	Year
Editorial: Fetal Alcohol Syndrome	SAMJ 89(9): 958 – 960	1999
Alcohol consumption by pregnant women in the Western Cape	SAMJ 89(9): 962 – 965	1999
The epidemiology of fetal alcohol syndrome in a South African community in the Western Cape Province	Am J Public Health 90 (12): 1905-1912	2000
The maternal risk factors from a second wave of data from mothers of children with fetal alcohol syndrome in the Western Cape, South Africa	Alcoholism Clin Exp Research 24 (5) 41A	2000
Deficient phonological working memory and grammar comprehension in children with fetal alcohol syndrome	Alcoholism Clin Exp Research 24 (5) 61A	2000
An association between deficient verbal processing and behavioural problems in children with fetal alcohol syndrome	Alcoholism Clin Exp Research 24 (5) 60A	2000
Spatial and logical memory in children with fetal alcohol syndrome	Alcoholism Clin Exp Research 24 (5) 61A	2000
An epidemiological analysis of a second wave of data from children with fetal alcohol syndrome and controls in the Western Cape, South Africa	Alcoholism Clin Exp Research 24 (5) 41A	2000
Patterns of cognitive-motor development in children with fetal alcohol syndrome from a community in South Africa	Alcohol Clin Exp Res, 25. (4): 557-562	2001
Clinically significant teratogens in South Africa	Cont Med Ed, 19 (17): 448-456	2001
Alcohol dehydrogenase 2*2 allele is associated with decreased prevalence of fetal alcohol syndrome in the mixed-ancestry population of the Western Cape Province, South Africa	Alcohol Clin Exp Res.25:1719-1722	2001
Epidemiological studies for fetal alcohol syndrome in four Gauteng communities	Report prepared for National Department of Health, Directorate Mental Health and Substance Abuse, Pretoria, South Africa	2001
Grammar comprehension in children with fetal alcohol syndrome in South Africa.	Alcoholism Clin Exp Research 25 (5): 122A	2001
Handedness in children with fetal alcohol syndrome	Alcoholism Clin Exp Research 25 (5): 75A	2001
The maternal risk factors from a second wave of data from mothers of children with fetal alcohol syndrome in the Western Cape, South Africa	Alcoholism Clin Exp Research 25 (5) 150A	2001
Characteristics of Mothers of Children with Fetal Alcohol Syndrome in the Western Cape Province of South Africa: A Case Control Study	J Stud Alcohol 63(1):6-17	2002
A stereo-photogrammetric method to measure the facial dysmorphology of children in the diagnosis of fetal alcohol syndrome	Med Eng Phys. 24(10):683-9	2002
Microcytic anemia in alcohol-exposed South African infants	Alcohol Exp Research 26(5) 175A	2002
FAS and neurobehavioral deficits in alcohol-exposed South African Infants	Alcohol Clin Exp Research 26(5) 175A	2002
Impact of years of maternal alcohol use on infants born heavy drinking South African mothers	Alcohol Clin Exp Research 26(5)1045A	2002
Validation of a new biomarker of fetal exposure to alcohol	J Pediatr. 143(4):463-9	2003
Eye feature extraction for diagnosing the facial phenotype associated with fetal alcohol syndrome	Med Biol Eng Comput. 41(1):101-6	2003
Role of depth in eye distance measurements: Comparison of single and stereo-photogrammetry	Am J Human Biol. 15(4):573-8	2003
Centers for Disease Control and Prevention. Fetal Alcohol Syndrome – South Africa, 2001	MMWR 52:660-662	2003
Effect of oral fructose on ethanol elimination from the bloodstream	S Afr J Sc 99:47-50	2003
Psychopathological correlates of maternal alcohol use and abuse in a South African cohort	Alcohol Clin Exp Research 27 (5) 127A	2003
Validation of a new biomarker of fetal exposure to alcohol	Alcohol Clin Exp Research 27 (5) 39A	2003
Alcohol consumption and other maternal risk factors for fetal alcohol syndrome among three distinct samples of women before, during, and after pregnancy: the risk is relative.	Am J Med Genet (Seminars in Medical Genetics) 127C(1): 10-20	2004
The influence of various storage conditions in the preservation of meconium specimens used for assessment FAEES in neonates prenatally exposed to alcohol	Alcohol Clin Exp Research; 28 (5) 41A	2004

Title	Publication	Year
Cognitive and behavioural function in consecutive cohorts of children with FAS in a high risk region of South Africa	Alcohol Clin Exp Research; 28(5) 43A	2004
Does iron deficiency anaemia mediate the relation of fetal alcohol exposure to postnatal growth?	Alcohol Clin Exp Res; 28(5) 44A	2004
Iron deficiency anaemia and socioemotional development in prenatally exposed infants	Alcohol Clin Exp Res; 28(5) 44A.	2004
Alcohol exposure and infant-mother attachment in a South Africa Community	Alcohol Clin Exp Res; 28(5) 45A	2004
Nutrition-its possible contribution to fetal alcohol syndrome among coloured women in the Western Cape Province, South Africa	Alcohol Clin Exp Res; 28(5) 45A	2004
A pilot study of alcohol exposure and pharmacokinetics in women with or without children with fetal alcohol syndrome	Alcohol & Alcoholism; 39(6): 503-508	2004
A practical clinical approach to diagnosis of fetal alcohol spectrum disorders: clarification of the 1996 Institute of Medicine criteria	Pediatrics 115(1): 39-47	2004
Maternal risk factors in the Western Cape Province of South Africa: a population-based study	Am J Pub Health 95(7): 1190-1199	2005
Epidemiological analysis of a third wave of data about children with fetal alcohol spectrum disorders and controls in the Western Cape Province, South Africa	Alcohol Clin Exp Research 29(5) 43A	2005
Maternal risk factors for fetal alcohol spectrum disorders in the Western Cape Province, South Africa. A third wave of data.	Alcohol Clin Exp Research 29 (5) 44A	2005
Estimated peak blood alcohol concentration as an indicator of fetal alcohol syndrome risk	Alcohol Clin Exp Research 29(5) 44A	2005
Impaired short delay eyeblink conditioning in children with FAS preliminary findings	Alcohol Clin Exp Research 29(5) 45A	2005
Message in a bottle. The making of fetal alcohol syndrome. Book review.	Journal of Clinical Investigation 115 (8) 1	2005
Fetal alcohol syndrome epidemiology in a South African community: A second study of a very high prevalence area	Journal Stud Alcohol 65(5):593-604	2005
Effects of prenatal alcohol exposure on infant visual acuity	J Pediatrics 147:473-9	2005
Letter and category fluency in children from a community in South Africa	J Study Alcohol 67:502-509	2006
Meconium fatty acid ethyl esters (FAEEs) as predictors of severity of fetal alcohol spectrum disorder	Alcohol Clin Exp Res 30(6):175A	2006
The pattern of maternal depression amongst women with a FASD infant within a community in the Northern Cape Province of South Africa	Alcohol Clin Exp Res 31 (6):183A	2007
Neuro-developmental delay in infants with fetal alcohol spectrum disorder in a community in South Africa	Alcohol Clin Exp Res 31(6):184A	2007
The epidemiology of fetal alcohol spectrum disorders in the Northern Cape Province of South Africa	Alcohol Clin Exp Res 31(6): 188A	2007
Evaluation of a stereo-photogrammetric measurement of facial features for the diagnosis of fetal alcohol syndrome in South Africa	Alcohol Clin Exp Res 31(6):246A	2007
Fetal alcohol syndrome among Grade 1 school children in the Northern Cape Province: Prevalence and risk factors	S Afr Med J; 98:877-882	2008
Morphometric Analysis and Classification of the Facial Phenotype Associated with Fetal Alcohol Syndrome in 5 and 12 year old children	Am J Med Genet Part A, 152A:32-41	2009
Design, Construction and Testing of a Stereo programmetric Tool for the diagnosis of Fetal Alcohol Syndrome in Infants	IEEE Transactions in Med Imaging.28:1448-1458	2009
Holistic interventions are effective in reducing the prevalence of FASD in the Northern Cape Province of South Africa: A multicentre, before-after Study	Alcohol Clin Exp Res; 34(6)211A	2010
The evaluation of FASD in two populations within the Northern Cape Province of South Africa	Alcohol Clin Exp Res; 34(6)212A	2010
Alcohol induced epigenetic effects on imprinted genes in human sperm DNA: Implications for fetal alcohol spectrum disorders	Alcohol Clin Exp Res:34(8)49A	2010
DNA methylation profiles of the IGF2/H19 imprinting control region (ICR) in subjects with fetal alcohol syndrome (FAS)	Alcohol Clin Exp Res:4(8)100A	2010
The effect of brief interventions on the drinking behaviour of pregnant women in a high-risk rural South African community: a cluster randomised trial	Early Child Development and Care 2010; 1-12, ifirst article	2011
Fetal alcohol syndrome: dashed hopes, damaged lives	WHO Bulletin	2011
Developmental delay of infants and young children with and without FASD in the Northern Cape Province, South Africa	African Journal of Psychiatry 2011; 14: 298-305	2011
Universal prevention is associated with lower prevalence of Fetal Alcohol Spectrum Disorders in Northern Cape, South Africa: A multicentre before-after study	Alcohol & Alcoholism 2011; Vol 0; No 0; pp. 1-8	2011
